California  
*Graduate coursework  
completed in Financial Business  
Management*

Glenn Rhuda serves as Managing Director for Mohr Partners, Inc. in the Boston office. Glenn has over 30 years of commercial and industrial real estate experience covering a broad spectrum of corporate real estate services and consulting. Glenn has represented tenants in a wide range of industries providing a full range of services from consulting and planning, site selection, brokerage, project management and move coordination. His assignments have included build-to-suit projects, corporate headquarters facilities, and field offices across the United States and in Europe.

Prior to joining Mohr Partners, Glenn was a Principal at CRF Partners, a corporate real estate services firm that represented such high growth companies as FTP Software, cmgi, and Affymetrix.

Glenn's clients include manufacturing companies in the aerospace and 3PL sectors, high tech companies in the software and telecom markets and numerous clients in the services and non-profit fields locally, across the US, in Europe, and in APAC. His in-depth experience in the full range of corporate facilities provides his clients with an advisor who understands all the issues a company confronts. Always negotiating with the end result and total occupancy costs in mind, not just the transaction, sets Glenn and Mohr Partners apart from traditional real estate services providers.

Glenn entered the industry with one of the largest real estate companies in Boston, where he represented private and institutional owners for first class office/R&D properties including such companies as Massachusetts Mutual Life Insurance Company, John Hancock, and GE Capital. Glenn learned through this experience the driving factors in the industry from the owner's perspective, skills that he has used to benefit his tenant clients.
