EDUCATION

- University of Colorado at Boulder
Economics

Max Hemphill is a Business Development Specialist at the Dallas Corporate office, with one of Mohr Partners' nationally recognized brokerage teams. In this role, Max identifies inefficiencies across the portfolios of national or growing companies and works with the team to develop strategies that resolve conflicts, increase client EBITDA, and recapture capital throughout the real estate footprint.

Max's approach is rooted in data and demands substantial investigation with detailed analysis, leading to a high level of industry awareness, diverse client list, and network of relationships.

Prior to his career in Commercial Real Estate, Max worked in hospitality as a manager for an award-winning hotel under the Hilton brand, which experienced consistent year-over-year growth during his tenure.

Max received his bachelor's degree in Economics and a minor in Communications from the University of Colorado, Boulder. A nearly native Coloradan, Max grew up in the state and continues to spend some off time as an avid skier/snowboarder, motorcyclist, and automotive enthusiast.
