Jenson F serves as a Team Lead – Lease Administration: Abstractions at Mohr Partners, Inc. With over 10 years of experience in lease abstraction and administration, he brings strong expertise in project delivery, team leadership, client communication, and quality control.

Prior to joining Mohr Partners, Jenson worked at Colliers International for four years, where he led abstraction teams, handled client billing, managed monthly reports, and ensured on-time delivery with precision. He previously served as a Process Lead at Annet Technologies, delivering accurate lease abstracts, managing multilingual projects, and mentoring abstractors. His career began at Entrust Software and Services, where he developed his foundation in lease abstraction and financial data review.

Jenson is proficient in databases like Harbor Flex, Prolease, Tririga, Lucernex, Costar, Visual Lease, Tango and more. His technical knowledge, people management, and focus on high-quality output make him a valuable asset to the abstraction leadership team at Mohr Partners.

He holds a Bachelor's degree in Electronics and Communication Engineering from Anna University.
