EDUCATION

- San Diego Mesa College

Paul Ralyea serves as a Client Solution Specialist for Mohr Partners, Inc., in the Dallas office. In this role, he supports the firm's Portfolio Services team under the direction of Ruth Baker, Managing Director of Portfolio Services.

Ralyea brings more than five years of experience in client advisory and account management. He most recently served as a Senior Producer at DMG Productions in Jupiter, Florida, where he managed enterprise accounts across the technology, healthcare and energy sectors, combining research, discovery meetings and full-cycle management to drive deals from qualification to project execution.

Prior to that, he served as Business Development Associate at DSI Agency in West Palm Beach, onboarding more than 130 new dealership clients within the company's surety department, while maintaining a 90 percent renewal rate among existing policyholders.

Earlier, Ralyea founded and operated Pvrallyprojects, an independent marketing and consulting firm based in Los Angeles, where he ran paid campaigns across Google AdSense and social platforms for clientele in the restaurant and retail industries.
